

SOFT PASTELS - With Joan Larson

Class Supply List

Soft pastels (bring as many as you have). Preferred professional brands are Rembrandt, Sennelier, Holbein, Unison. A good student brand is Mungyo (set of 48).

Charcoal pencil and kneaded eraser

Pastel Paper - preferably in a middle value neutral colour. Canson Mi-Teintes is an excellent non-sanded paper. La Carte and UArt are excellent sanded papers.

Reference material (photos) for the paintings you want to work on

*Tracing tissue (optional but a great tool to have)

Tracing tissue is helpful for doing your preliminary drawings on as well as protecting your pastel painting from smudging during transportation. I buy it by the roll (usually an 18" roll) but it is also available in smaller pads.

Drawing board

Foamcor is lightweight, ridge, inexpensive and also has a nice smooth cushioned surface for working on.

Folder for carrying your work - 2 pieces of foam cor taped together make an excellent folder and can double as your drawing board.

Hand Towels for wiping your fingers and cleaning your pastels.
